April 19, 1989

Mr. Chris Brown
6267 Castille Cr.,
Orleans, Ontario
K1C 1X4

Dear Mr. Brown:

Ms. Deakon is in receipt of your letter of April 12, 1989 concerning the environmentally sensitive and has asked that I follow up with you.

I have recently been asked by the President of the Hospital to begin developing an "Environmental Code of Ethics" for the institution. When complete, this document will address the hospital's interaction with the environment, both internally and externally, and will outline the steps we have taken towards ensuring that our relationship with the environment is a positive one. To this end, I have circulated your letter to a number of individuals throughout the hospital and have asked them to provide me with their comments. At such time as I have compiled a reasonable amount of feedback I will again contact you.

Thank you for bringing your concerns to our attention and if you have any other comments please contact me directly.

Sincerely,

Andrew P. Williams
